DIRECTOR'S REPORT

Aufwiedersehen!

It is with deep regret that I must announce that personal commitments have compelled Ben Beede to deemphasize his philatelic endeavors and also to resign as Director of the Third Reich Study Group. Ben has asked me to take over the reins and Jim Duffy has consented to be my Co-Director and will also retain his editorial duties.

Ben's presence in the philatelic scene will be missed in many ways. Since the founding of the Third Reich Study Group by Ben Beede and John Painter in late 1962, Ben has been instrumental in its growth from some 30 inquiries to an announcement in the Specialist to over 79 members in the latest listing. An erudite and prolific writer hardly an issue of the Specialist or the TRSG Bulletin would pass without some noteworthy comments Ben's pen. And yet he always had time for an article in the bulletins of either specialty groups, a show bulletin or a definitive response to a personal inquiry from his many correspondents. Many collectors owe their interest in the collection of postal history of the Third Reich to Ben's writings and guidance, including the author of these lines.

It is difficult to express the proper tribute to Ben's contributions to the TRSG, the Germany Philatelic Society and philately in general. Perhaps the most fitting tribute to Ben is the commencement in the April-July 1971 issue of the Bulletin of Ben's goal of a monumental work on the German Feldpost in World War II. This does not mean that we are only to be concerned with Feldpost. We will always continue to be concerned with all phases of Third Reich philately and will endeavor to achieve the proper balance in this publication that our resources allow. Of course to achieve this balance we need your inputs even more than ever, for Ben will not be able to supply that needed article to fill out an issue, as he did so frequently in the past.

Therefore, this issue marks the transition from Ben to Jim and myself. We humbly request your assistance and to Ben we say we hope sincerely it is not good bye, but rather "Aufwiedersehen".

Lt. Bruce J. Fisher, 13019 Marquette Lane, Bowie, Md. 20715, is trying to develop a list of Third Reich proofs, essays, and all other types of material that could be called unusual and uncataloged. Any help would be most appreciated.

Lt. Fisher would also like to get in touch with any Third Reich specialists in the Washington/Baltimore area. His collecting interests are postal stationery, commercial covers, occupation, special cancels, proofs and essays, and propaganda material.

This completes the chapter on 1971. I would like to extend my best wishes to all for a Happy and Prosperous New Year. In reality, I should be sending out the First Bulletin of 1972, however, that is yet to come. Unfortunately, the schedules set up in the beginning of 1971 could not be met, and I extend sincere thanks to all of you for your patience.

The first Bulletin of 1972 should not be too long in forthcoming. Although I have a start with articles from some members, an editor is never without space for articles.

My thanks to those who have written me with suggestions, comments, and corrections to material already printed. We will do our best to keep the material of interest as well as diversified; but that also depends upon what you the members contribute.

A dues increase was imminent for 1972. Unless we receive the membership renewal, this will be the last Bulletin we will be able to send out. An extra big thank you to all who sent in extra contributions; without you we wouldn't have made it.

Supplement to Part IV. Mail of Components of the Wehrmacht, April-July 1971

A Table of Officers and Enlisted Ranks of the German Army  
 and A Table of Equivalent Ranks of Auxiliary Organizations

by James E. Duffy

Collectors of German Military Mail (Feldpost) are confronted with the military, paramilitary or civilian ranks preceding an individual's name on a cover. This designation is often abbreviated and identification is frequently difficult.

Identification of the rank of the sender or recipient, along with the remainder of the address for additional clues, leads to the identification of the unit or organization of which that person is a member.

As Ben Beede pointed out in Part IV, Components of the Wehrmacht, April-July 1971 TRSG Bulletin, RAD, OT, and NSKK members, for example, were assigned to military units. They performed their respective duties under military supervision, and were provided with Feldpost mailing privileges. (For specific information see the aforementioned reference). Although the ranks have been listed in this earlier writing, I thought that a comparative listing would facilitate the location of the organization to which that rank belonged.

Also, students of military mail should have a basic understanding of the ranks of the German Army, as well as of other branches of the military, i.e. Navy, Airforce.

Nearly all German officer ranks correspond to U.S. Army rank, although their terminology differs for general officers, a Generalmajor being the equivalent of a brigadier general

The noncommissioned officer ranks are divided into two groups: the first group corresponds to the first three grades in the U.S. Army. There is no rank of first sergeant; rather, this is a position usually held by a master sergeant or technical sergeant. A corporal in the German Army functions as acting sergeant and normally is promoted to the rank of staff sergeant rather than sergeant; as to the latter rank.

There are three grades in the group which correspond to U.S. privates first class, and a soldier may be promoted from any of them to become a corporal. They may be described as chief private first class in administrative position (Stabsgefreiter), senior private first class who functions as an acting corporal (Obergefreiter), and ordinary private first class (Gefreiter). A soldier cannot become chief private first class without having been a senior private first class. In most branches there are senior privates first class (Obergrenadiere in infantry, Oberkanoniere in artillery; the Oberjäger, however, in the light, mountain, and parachute divisions, is a corporal) and ordinary privates (Grenadiere, Kanoniere, etc.). (Information from 1 March 1945).

Tables, cont'd.

After you have perused these tables, I'm hoping you'll say (if you are interested in Feldpost), "Isn't this great; now I can dig out those covers I've been wondering about". Alack and alas (in some instances) the tables availeth not!

For example, turn back to the April-July 71 TRSG Bulletin, Feldpost Handbook, Part IV, page 4 and note the two illustrations and the addresses.

The first cover is addressed to Herrn (name deleted) NSKK Fahrer, and look under the NSKK column on page 31 of this bulletin. You'll find a lot of "führers", but no "Fahrer". Now turn to page 29 (of this Bulletin), section Privates (Senior) Ober-, and here you'll discover a Fahrer, that is if you have read through the table section word for word. You could assume, without too much contradiction, that this person was a driver of horse-drawn or motor transport vehicles.

The second address is to Herrn Heereshauptwerkmeister H. (Name deleted). A werkmeister is a shop foreman with a civilian official ranking as a Master Sergeant. We can assume he is a civilian possibly in the RAD or OT. On the other hand, if we refer back to page 28, you will notice the rank designations that have no U.S. Army equivalent, and you will note a "Werkmeister" designation. With the word "Heeres" Army and "haupt" chief, or head, perhaps the sender should have written the word ....hauptwachtmeister, which is the equivalent of a master sergeant in the cavalry. Some people like cross-word puzzles, too.

Now don't be too disappointed. I didn't say it was foolproof, but at least this is a beginning, isn't it?

When you look through your Feldpost covers you may run across addresses or return addresses such as.....

SS Hstmf M. \_\_\_\_\_, FPNr. 15807/A, which is a Hauptsturmführer, the equivalent of an army captain.

Sonderführer Alfred J \_\_\_\_\_, Nr. 07684, a Specialist perhaps.

Grenadier Gerhard \_\_\_\_\_, an ordinary private in Marsch. Komp, Gren. Ers. Batl 386 (Marschkompanie, Grenadier Ersatz Bataillon 386) or a trained reserve infantry unit; i.e. Bataillon 386.

Obersoldat Hans \_\_\_\_\_, senior private, FPNr. 14131 D.

Schütze Kurt \_\_\_\_\_, ordinary private (rifleman) in 1-3 Schützen Ersatz Komp, (a reserve rifle company).

Stabarzt Dr. Hans \_\_\_\_\_, captain (Medical) Löwenberg/Schles, Reservelazarett, Teillazarett Hedwigstift. (General Hospital).

Herrn Rittmeister Altmann \_\_\_\_\_, FPNr. 22587, a captain in the Cavalry.

These are but a few of the ranks and titles you may run across. I hope all of this is not too confusing. There may be some enlightenment about a particular cover just a paragraph or page away. By the way, does anyone know what a K.V.A. Franz \_\_\_\_\_, Gruppe Arbeit, 07684 is; or Herrn KVOJ Josef \_\_\_\_\_, FPNr. 07684?

Good Hunting!
